Boehringer Ingelheim México

Dirección General

July 4 del 2008

Dear Sirs:

With the present I fully recommend Eng. Enrique Blanco Vargas, who has collaborated at Boehringer Ingelheim since June 1997 and had been reporting to me through the Pharmaceutical Production Direction since May 2005 until July 2008.

In all activities within the different positions Eng. Blanco has had during this time he has demonstrated his responsibility, honesty, professionalism, dedication and commitment. His remarkable orientation to results and his skills to work within a team have enabled him to continuously achieve goals and objectives that were assigned to him.

His working relationship with his subordinates and partners in Mexico and foreign countries had been excellent.

For all the above and because of the great experience he has, I strongly believe Ing. Enrique Blanco is a professional with excellent credentials and capabilities which are convenient and desirable attributes in modern and dynamic companies.

Sincerely

Dr. Engelbert Tjeenk Willink
